The **Corps Operations Manual** is about who Corps members are and what they are endeavoring to become. It is about the Corps’ mission, vision, priorities, and values. The Corps Operations Manual is at the very heart of the Corps’ disciplined way of life. Its carefully crafted policies, guidelines, standards, and rules are designed to support each Cadet’s academic success, physical and mental well-being, and development as a leader. It includes information relevant to every Cadet, regardless of rank or class, regarding administration, operations, conduct, discipline, honor, scholastics, and Cadet life. The Corps Operations Manual may be amended throughout the academic year via Superintendent’s Statements on Policy, Commandant’s Orders, or memorandum published by the Corps Commander in consultation with the Commandant.

The **Cadet Instructions Manual** is an appendix to the **Corps Operations Manual** and provides in-depth reference and/or details for specific plans, activities and programs of the Corps.

The **Charlie Noble** is a pocket-size summary of information intended for Fish, but strongly encouraged for use by all Cadets.

The above documents are to be used in the instruction and operation of the Corps of Cadets. These documents are in addition to the Texas A&M University at Galveston Student Rules found at [www.tamug.edu/studentrules](http://www.tamug.edu/studentrules).

(b) Standard Operating Procedures (SOP) for the Coast Guard’s Interaction with State and Federal Maritime Academies
(c) 46 Code of Federal Regulations 310.3(c)
(d) Texas A&M at Galveston Academic Catalog (Class year dependent)

1. **Purpose**
The purpose of this Policy Statement is to:

1. Define the term “STCW complete,” and

2. Establish the responsibilities of Cadets who become “STCW complete.”

2. **Applicability**
This Policy Statement applies to all Cadets who have completed their sea service, watch standing, and maintenance requirements prescribed by Federal law, regulations, or standards agreed by the United States Coast Guard (USCG), the Maritime Administration, and State Maritime Academies in order to sit for license but have yet to complete their academic catalog requirements.

3. **Discussion**
Reference (a) requires Cadets to register for a schedule of courses that follows the program of study for the degree the Cadet seeks (Rule 1).

Cadets who have completed the required length of service (3 years or 6 long semesters), as well as having achieved the required number of sea days, and have stood the required number of watches/maintenance hours required under Reference (c) to achieve their Merchant Mariner Credential (MMC) Third Mates Unlimited License¹ but have not completed their academic requirements under reference (d) to graduate.

Texas A&M Maritime Academy (Academy) requires:

1. Cadets to achieve the sea service required to qualify for an MMC through shipboard training assignments approved by the Executive Director of Operations and through maintenance and watchkeeping assignments approved and supervised by the officers of the Academy’s training vessel.

¹ See 46 CFR 1.01-05(e) for the definition of “Merchant Mariner Credential”.
2. Each Cadet to maintain enrollment in the Academy and membership in the Corps of Cadets in compliance with Reference (c).

3. The Superintendent shall interpret the requirements in References a-c consistent with Federal law and policies regarding maritime academies. The Superintendent may grant an LO Cadet credit for successful completion of coursework, sea service, or the demonstration of practical skills at another State or Federal Maritime Academy.

4. **Policy**
   It is the Academy’s policy that:

   1. “STCW complete” means the required number of sea days, watches, and maintenance time has been completed, and

   2. Cadets who become “STCW complete” but have not completed the requirements for an academic degree:
      
      i. Will be placed in Victor Company until they have completed outstanding requirements under References (d).

   3. Attend regular Victor Company formations

   4. Remain enrolled in Texas A&M Maritime Academies USCG mandated Drug testing program.

   5. Remain subject to all Academy instructions, policies, and the Corps Operations Manual

5. **Procedures**
   1. Cadets shall inform the Commandant and provide transcript evidence when they are close to completing their STCW requirements.

   2. Cadets who have met their STCW requirements will be assigned to Victor Company starting the following long semester.

   3. Cadets who fail to return to inform the Texas A&M Maritime staff are therefore choosing to “ghost” their way through a semester; once found will be forced to move back on campus and be placed in a regular company.

   4. This Policy Statement shall be posted appropriately and included in the Academies publications.

   5. Academy personnel shall inform Cadets of this Policy Statement.

   6. Cadets who fail to comply with this policy shall be suspended from the Corps of Cadets and the License Option.
6. **Expiration**
   This policy statement shall be effective immediately and shall remain in effect until rescinded.

Subject: Cadet enrollment in ‘No-Cost’ courses after returning to the Academy after the current semester has begun

References: (a) 46 Code of Federal Regulations 310.3 – Schools and Courses
(b) Texas A&M University Student Rule 7

1. **Purpose**
The purpose of this Policy Statement is to establish standardize Cadet enrollment in ZOPT courses during fall and spring cruises.

2. **Applicability**
This Policy Statement applies to all Cadets who return to campus after the fall or spring semesters begin and are not permitted to enroll in courses that include skills and knowledge assessments required by the Standards for Certification, Training and Watchkeeping (STCW).

3. **Policy**
Texas A&M Maritime Academy (Academy) requires:

   1. Cadets to achieve the sea service required to earn Coast Guard Credentials through shipboard training assignments approved by the Executive Director of Operations, and

   2. Each Cadet must maintain enrollment in the Academy and membership in the Corps of Cadets for at least 3 years according to Reference (a).

Reference (b) requires that Cadets attend a minimum number of sessions of each course that includes skills and knowledge assessments. However, Cadets who return to the Academy after the current semester has begun may not be able to ‘make up’ missed classes and comply with Reference (b).

Therefore, it is the Academy’s policy that Cadets who return late from shipboard training assignments approved by the Executive Director of Operations must:

   1. Return to the Academy immediately, and

   2. At a minimum, enroll in the following ‘no cost’ classes, MART 491 or MARE 491 AND ZOPT 100 or ZOPT 300 during the semester in which the Cadets return from shipboard training.

   3. Enrollment for cadets in Non STCW classes past the census day (12th class day) will be at the discretion of the individual professor and/or Department Head.
4. **Procedures**
   1. Academy personnel shall inform Cadets who have completed their shipboard training assignments after the semester has begun regarding this policy.

   2. Cadets who fail to return to the Academy and enroll as prescribed shall be suspended from the Corps of Cadets and the Academy.

5. **Expiration**
   This policy statement shall be effective immediately and shall remain in effect until rescinded.

Reference (b) states that a cadet must be 25 years of age before his/her first day of enrollment, a military veteran, married or with children to be admitted into Victor Company.

   Cadets who turn 25 while enrolled in the Academy are authorized transfer into Victor Company. This transfer must be completed before the start of the Fall semester. No spring transfers will be allowed. They must have previously spent six long (Spring or Fall) semesters in the Maritime Academy Hall. Cadet must be in good academic standing within their respective majors as well as in good standing in regards the Academy and/or Corps discipline system.

4. **Policy**
   It is the Academy’s policy that Cadets who meet the following criteria:

   1. Newly entering Cadets who meet one or more of the (b) Victor policy requirements will be considered a “Day-Duck” Cadet. They will be allowed to live off campus but will be attached to an on-campus company for their first semester; thereby mimicking the day to day operations of a regular cadet during the hours of 0545-1700 Monday- Friday. After their first semester; if the cadet is in good academic/discipline standing then they can request transfer to Victor Company for the Spring semester.

   2. Cadets who meet one or more of the (B) policy requirements will also go through the “Day-Duck” program for their first semester of off campus living. After their first semester if they are in good academic and discipline standing then they can request transfer to Victor Company beginning in the Spring.

   3. The Victor Company program is a privilege. That privilege may be rescinded at the discretion of the Maritime Academy Commandant Staff; thereby returning a Cadet back to “Day-Duck” status.

   4. Military Veterans will be exempt from the “Day-Duck” program and will be in Victor Company from the onset of their first semester. If unsatisfactory Academic/Discipline issues arise then they may be remanded to “Day-Duck” status.

References: (a) Texas A&M University Galveston Student Rules
(b) Texas A&M University Galveston Academic Catalog (Class Year Dependent)
(c) Texas A&M Maritime Academy Corps of Cadets Operations Manual
(d) TAMMA Commercial Cruise Rubric (2017-006a)

1. Purpose
   The purpose of this Policy Statement is to:
   1. Define the cadet criteria for commercial cruise billet selection, and
   2. Establish what happens to cadets who do not meet the criteria.

2. Applicability
   This Policy Statement applies to all Cadets who are enrolled in a license option program and have sailed on their initial (Sophomore) cruise.

3. Discussion
   Reference (a) requires Cadets to register for a schedule of courses that follows the program of study for the degree the Cadet seeks.

   Texas A&M Maritime Academy (TAMMA) requires Cadets to:
   1. Have passed the appropriate Commercial Cruise prerequisites determined by their catalog reference (b).
   2. Have successfully completed the initial (Sophomore) cruise according to reference (b).
   3. The cadet has been in good standing with the University Conduct system in reference (a) for his entire tenure at the Maritime Academy.
   4. The cadet to be in good standing with the Corps of Cadets Conduct system in reference (c) for his entire tenure at the Maritime Academy.

4. Policy
   It is the Academy’s policy that if the Cadet:
   1. Has passed the appropriate prerequisite classes;
2. Has never been charged with Corps Conduct Probation, Corps Suspension, or Corps Expulsion;

3. Has not been charged with University Probation, University Suspension, or University Expulsion; and

4. Is up to date on maintenance and watch hours

a) Will result in a cadet being eligible for commercial cruise billet or,

b) If a cadet does not meet the above, then they are ineligible for a commercial cruise billet.

5. **Procedures**
   1. Cadets shall fill out the commercial cruise application with their applicable information.

   2. The academic departments department will verify that the student has completed their commercial cruise pre-requisites, will fill out the required student information (such as GPA), and then annotate on the application that the cadet has or has not met the academic requirements to sail on a commercial vessel.

   3. The application will then go to the Office of the Commandant. The commandant or his delegate will review the students discipline record and write down the findings. That cadets discipline record or lack thereof will be annotated on the application.

   4. The application will then be turned into the Maritime Academy Training Ship Representative. That representative will determine if the cadet is up to date on their maintenance and watch hours; the application will be filled out and marked signaling that the cadet is or is not up to date on his/her required maintenance.

   5. If all of the above departments/offices/personnel are in agreement that this cadet is commercial cruise eligible, then using the Corps of Cadet Commercial Cruise rubric found in reference (d) the cadet is given a score which determines the cadet competitive ranking.

   6. If it is found that the cadet is ineligible for a commercial cruise billet due to academics, discipline, or ship operations then that cadet will be placed on a school vessel for their second (junior) cruise.

6. **Expiration**
   This policy statement shall be effective immediately and shall remain in effect until rescinded.

Subject: Cadet Commercial Cruise Selection Process

Attachment: Texas A&M Maritime Academy Commercial Cruise Rubric

1. **Purpose**
   This attachment is written to define the Texas A&M Maritime Academy Commercial Cruise Rubric by:
   1. Determining the gradable criteria, and
   2. Establish a grading scale.

2. **Applicability**
   This Policy Statement applies to all Cadets who are enrolled in a license option program, have successfully sailed on their initial (Sophomore) cruise, and are applying for a commercial cruise billet.

3. **Gradable Criteria**
   1. Grade Point Average
   2. Corps of Cadet Standing
   3. Leadership positions held
   4. Core Values
      a) Selfless Service
      b) Corps Service
      c) Respect
      d) Integrity

4. **Policy**
   It is the Academy’s policy to develop a gradable commercial cruise rubric that will determine a ranking structure for cadets who are requesting to sail on a commercial cruise billet.
   1. Grade Point Average (GPA): the GPA will be the cadets major specific cumulatively GPA for classes completed up to the previous semester. No Rounding up of GPA’s.
2. Corps of Cadet standing: Graded using the Cadets Merits/Demerits.

   a) For every ten merits a Cadet has in the Maxient System, he/she will be issued one (+1) point with a maximum of four points added to their total.

   b) For every ten demerits a Cadet has in the Maxient System, he/she will be issued negative one (-1) point with a maximum of negative four points.

3. Leadership position held: Grade based on the cadets current standing in the Corps of Cadets chain of command or other non-cadet corps leadership positions held. Based on cadets highest position held.

   a) Corps Staff/ 5 bars: five points (+5)

   b) Company Commanding Officer/ 4 bars: four points (+4)

   c) Company Executive Officer/ 3 bars: three points (+3)

   d) Hearn Honor Guard/Drill Team Commander: three points (+3)

   e) Student Government Senator: three points (+3)

   f) Company Master Chief/ 2 bars: two points (+2)

   g) Student Government representative: two points (+2)

   h) Student Group president/vice president: two points (+2)

   i) Company Squad leader/Chaplain/ 1 bar: one point (+1)
j) Student Group treasurer/secretary/etc.: one point (+1).

4. Core Values

a) **Selfless Service**: every eight hours of community service completed within the current and previous semester will give a cadet one quarter point (+.25) with a maximum allowed of one point (+1). Prior military service will be considered (+1).

b) **Corps Service**: For every semester of participation in a Corps of Cadet group (Hearn Honor Guard, USCG AUP, Drill Team) a cadet will be issued one quarter point (+.25) with a maximum allowed of one point (+1).

c) **Respect**: Three TAMMA Staff or Faculty will be asked to issue their opinion about the cadet applying for commercial cruise. These TAMMA representatives will either be a faculty member that the cadet is currently enrolled with or someone that the cadet has routine interactions with such as their Asst. Commandant. Each person will be able to give a positive point (+1), no points (+0), or a negative point (-1) at their own discretion.

d) **Integrity**: If the cadet has ever been assessed an academic dishonesty charge while attending Texas A&M University at Galveston then that cadet will be issued a three point penalty (-3).

5. **Example**

1. Third class Cadet Earl Rudder is the Master Chief of Alpha two and is hoping to get a commercial billet in the summer of 2018. He is an above average cadet with 30 merits, a 3.47 GPA, and he was a member of the Hearn Honor Guard for both the fall and spring of his freshmen year. Cadet Rudder volunteered for the fall 2017 small event and the spring 2018 big event. When asked; all three of the faculty/staff spoke very highly of him and recommended him to sail on commercial vessel. Cadet Rudder lives by the aggie code of honor and has never had an academic honor violation.

   Cadet Rudder’s Commercial cruise score would be the following:

   | Grade Point Average | +4 |
   | Leadership Position held | +2 |
   | Corps of Cadet Standing | +3 |
   | Selfless Service | +.5 |
   | Corps Service | +.5 |
   | Respect | +3 |
   | Integrity | +0 |
   | **Total** | **12.50** |

2. Third class Cadet Robert Dillon is also in Company Alpha two with Cadet Rudder, and just like cadet Rudder he is hoping to get a commercial cruise billet for the summer of 2018.
Cadet Dillon is the secretary of the two-step club, has 15 merits, and a 2.78 GPA. He volunteered for the spring 2018 big event, has never been in any Corps related groups, and received two positive and one neutral review by the staff and faculty of TAMMA. Cadet Dillon is currently in good academic standing with the Academy but during the fall of 2017 was charged with plagiarism on a ship report.

Cadet Dillon’s Commercial cruise score would be the following:

<p>| | |</p>
<table>

6. **Deciding Factor**
   If two or more cadets have the same score, then it is at the discretion of the Superintendent of the Maritime Academy as to who is deserving of the higher position in the commercial cruise rankings.

7. **Expiration**
   This policy statement shall be effective immediately and shall remain in effect until rescinded.

d) Academic support and/or morale/welfare visits will take place in the Company Commander’s office.

i) In the case of a freshman and/or female Cadet, if an academic support and/or morale/welfare visit needs to take place in that Cadet’s room it must be authorized by the Company CO. a) The times for CQ is 1800-2100 Sunday through Thursday

i) Cadets have 30 minutes after their last scheduled class or lab to sign-in to CQ.
b) CQ provides Cadets an opportunity to study when and where they desire on-campus (within reason and as approved by the Company CO/XO/Proctor) to achieve the best results possible. Making Cadets sit and study at their desk for a set amount of time during a set period of the evening is not always conducive to achieving success. With CQ, Cadets determine when they will study/rest and how much time they need to devote to their studies under their discretion.

c) Approved locations for Cadets during CQ are: [The proctor must be aware]
   i) Scheduled class/exam/academic support activity.

The three (3) hours can take place over the course of more than one day (for example: 1.5 hours participation on Monday and 1.5 hours participation on Wednesday; 3 hours participation just on one day; 1 hour of participation per day for three days, etc.).

(2) Freshmen must submit an Organization’s Form through the Cadet Chain. The company officer in charge of CQ will keep a record of cadet organization days and times for accountability purposes.

(3) This does not apply to student organization membership. In other words, Cadets on Academic Probation may continue to attend student club meetings/times during CQ.

f) On-campus freshmen are not allowed to leave the campus once CQ begins.

   i) The Proctor is considered a command representative and will maintain and enforce Quiet Hours conditions as well as ensure an atmosphere exists conducive for study and other academic pursuits.

   (1) Upper-class Cadets on Academic Probation are not allowed to serve as proctor.
   
i) Free Night Out (FNO; Blue-Card)

(a) Upon conclusion of the FNO, the Blue-Card is rendered invalid and will be discarded. The next FNO requires a new Blue-Card.

(b) The officer approving FNO’s and the Commanding Officer must avoid granting both individual FNO’s and company-wide FNO’s in a single week.

j) Participation in approved extracurricular programs on campus is encouraged once Cadets understand the rigors of college academics. Reference Article 404.1.

k) Attending on-campus religious activities (e.g., Bible studies, gatherings, etc.) is permitted with a one-time approved military letter. Participation will be dependent on the academic status of the Cadet.

l) Cadets will not be required to study in conditions that might hinder their academic pursuits (i.e., “four points of contact,” studying by flashlight, etc.). Rooms shall be neat and conducive to study (inspection conditions not required).

m) Dress should be appropriate and contribute to academic success. Dressed in undergarments/underwear is not considered appropriate dress.

n) In-room group study is limited to a total of four (4) people per room (this includes the common area of the suite).

i) The group size may be greater under the approval of the Proctor.

o) Checks (not inspections) by Cadet Command, scholastic staff (i.e. Corps Academic Officer or their representative), and Chaplain staff is authorized and expected during CQ. These checks should be short in duration and should not interrupt studies. The purpose of the checks is to monitor a Cadet’s habits and morale.

p) Red-Card

i) There are occasions when the amount of time allotted during CQ may not be sufficient. Additional study time is authorized using a Red-Card. The purpose of the Red-Card is to allow a Cadet to study past lights-out during the evenings of CQ.

(b) A Red-Card Cadet is restricted to the TAMMA residence hall or the library.

(2) A Red-Card is not a substitute for a military letter.
(3) The Red-Card cadet may fill out a Red-Card form, have it signed and dated by the proctor in charge in permanent ink, and post it on their main hatch. The Red-Card must be discarded once the Red-Card cadet has returned.

2) Implementation of CQ as described below is at the discretion of the Corps Academic Officer in consultation with the Corps Commander and the Commandant. All privileges and guidelines may be restricted by Corps Staff if it is deemed by the Corps Commander and Corps Academic Officer that CQ is not conducive to the academic success of Cadets in its administered form.

3) Proctors will be assigned to monitor and maintain order within CQ.

a) Company CQ will typically be proctored by squad leaders, but at the discretion of the Company Commander, may be any Cadet who is not a first year Cadet.

b) Proctor responsibilities include, but are not limited to the following:

ARTICLE 406 – COMPANY MEETINGS
1) Communication down through the Chain of Command and to the Cadets is vital to the success of each Company. One of the most efficient ways to accomplish this is through a Company meeting. Attendance is mandatory for all Cadets within the Company (the Company CO will issue demerits to Cadets who fail to attend the Company meeting).
   a) The meeting shall take place in the Company’s hallway and shall be conducted in an orderly, efficient and professional manner.
2) The recommended schedule for Company meetings is 1700-1900 every Sunday.

CHAPTER 5 – SCHOLASTICS

ARTICLE 501 – COMMANDANT'S INTENT

1) The scholastics policy is designed to reinforce the importance placed on academic pursuits within the Corps of Cadets. Academic success is the leading priority of the Corps of Cadets, because first and foremost, Cadets attend Texas A&M University at Galveston to attain a degree. The Corps promotes and enhances the scholastic performance of all Corps members by providing the most successful academic support program on campus. This scholastic policy utilizes an intentional, standards-based approach to establish the environment, provide professional academic advising, and a mentorship support program, and recognize academic achievement. Although this policy also promotes an academic plan with the structure to ensure graduation in a timely manner, the Cadet is ultimately responsible for his/her own academic progress and scholastic success.

ARTICLE 502 – KEYS TO ACADEMIC SUCCESS FOR CADETS

1) Attend every class. Sit in the center of the first three rows of the classroom so you can see, hear, and are less distracted.

2) Introduce yourself to each instructor and meet with the instructor during office hours within the first month of the semester. Have several substantive questions to ask.

3) Read all assignments before class.

4) During class, stay awake and take good notes. Ask questions in class.

5) Find a quiet place on campus to study between classes.

6) Review your readings and notes after each class and fill in any missing information.

7) Find a study partner in each class and meet once a week to exchange information and review notes.

8) Seek out tutoring, supplemental instruction, and departmental help when needed.

9) Attend all supplemental instruction and review sessions for each class, if offered.

10) Treat school like a full time job. Ideally, for every hour spent in class you should spend no less than three hours of study outside of class. First and foremost, your focus should be on academics.

11) Utilize Call-to-Quarters (CQ) efficiently. Use your free time on the weekends (or if necessary during the Academic Day) to conduct personal errands.

12) Schedule an office visit with your academic advisor each semester to review your courses, grades, and registration for the next semester. Do not wait until the end of the semester during registration for classes for the next semester.

13) Find a faculty/staff mentor each semester and get to know them well. They are valuable sources of information and can provide a supportive contribution to your adjustment to life in the Corps and the university.

14) Seek out and meet with campus academic resources sooner rather than later.
ARTICLE 503 – CLASS ATTENDANCE
1) Academic success of all Cadets is a priority of the Corps of Cadets.

2) Activities that prevent a Cadet from getting to class on time are prohibited.

3) Cadets will attend every class and will be on time. This is not an option.

      allowed to go on training cruise.

4) All Cadets should familiarize themselves with Student Rule 7 – Attendance
   (www.tamug.edu/studentrules/Academic_Rules/7_Attendance.html).

ARTICLE 504 – UNIVERSITY ACADEMIC STANDARDS

5) Cadets failing to meet and/or maintain University Academic Standards shall come before a Corps
   Review Board.

ARTICLE 505 – ACADEMIC SUSPENSION
1) Continued enrollment in the Corps of Cadets and the Texas A&M Maritime Academy is contingent
   upon continued enrollment at the University. A Cadet placed on academic suspension from the
   University is automatically suspended from the Corps of Cadets and the Texas A&M Maritime
   Academy for the same reason.
   a) An undergraduate Cadet placed on academic suspension must go through the University
      established appeal process as indicated in Student Rule 57 – Undergraduate Academic Appeals
      Panel
      (www.tamug.edu/studentrules/Student_Grievance_Procedures/57_Undergraduate_Academic_Ap
A graduate level cadet appealing academic suspension should reference Student Rule 59 - Graduate Appeals Panel (www.tamug.edu/studentrules/Student_Grievance_Procedures/59_Graduate_Appeals_Panel.html).

i) It is important to note, a Cadet whose academic suspension appeal is granted by the University is not automatically readmitted to the Corps of Cadets and the Texas A&M Maritime Academy. The Cadet will need to come before a Corps Academic Review Board for consideration for readmission.

ARTICLE 506 – ACADEMIC INSPECTIONS
1) The Corps Academics Officer is responsible for conducting weekly inspections of the Academic Day and Call to Quarters. Company Academic Officers are responsible for assigning Cadets to inspect CQ daily:

Quantitative results of these inspections will be included in determining the Corps Awards.

CHAPTER 9 – CADET CONDUCT & CADET DISCIPLINE

ARTICLE 901 – CADET CONDUCT

1) All Cadets are expected to meet a higher standard of conduct than non-Corps students. All Cadets must comply with the Corps Operations Manual as well as Texas A&M University at Galveston Student Rules. All Cadets are to set a good example by demonstrating gracious conduct onboard ship and ashore, a neat personal appearance, proper language, and, in general, behavior befitting honorable men and women who live by the Aggie Code of Honor.

   a) Cadets on training cruise are also subject to the rules, policies, and procedures established by the hosting institution and/or agency.

2) Regardless of location (on or off-campus), all Cadets (in or out of uniform) will maintain normal class distinction while conducting themselves in a manner that will reflect favorably upon the Corps. No Cadet will create a scene or disturbance that would be displeasing to others and/or reflect negatively on the Corps of Cadets, the Texas A&M Maritime Academy, and the University.

3) Cadets are expected to maintain Corps grooming standards and wear the uniform properly and proudly regardless if they are on or off-campus or on training cruise.

4) Cadets will not have their hands in any pocket while walking in uniform.

5) Cadets will be covered (wearing headgear) immediately upon exiting a facility/building.

6) Cadets in uniform and covered (wearing headgear) will render the proper military salute to all commissioned officers regardless if the commissioned officer is in uniform or in civilian attire.

   a) When not in uniform or not covered (not wearing headgear), Cadets will render an appropriate greeting to the officer (i.e., “Howdy and good morning/afternoon/evening, sir/ma’am.”).

7) Consuming food/beverage while walking in uniform, outside of the residence hall or dining facility is prohibited.

   a) Reasonable exceptions for outdoor social events may be made by the Corps Commander in consultation with the Commandant.

11) Whipping-out will follow the prescribed manner per the Corps Operations Manual and Charlie Noble.

12) Cadets are corrected according to the Corps Operations Manual and only at such times during which classes or study hours are not disturbed.
13) Specific to living quarters, no racially offensive, hate group, gang-related symbols, any form of pornography, drug paraphernalia or flags other than the US, country, state, college or POW/MIA are allowed.

14) Cadets will learn all the songs and yells. This is a part of being a Texas Aggie.

15) Specific to Corps Trips for football games:

i) In Kyle Field:

(1) Cadets will not remove or unbutton any part of the uniform while in the stands except when authorized to do so by the Corps Commander or the Commandant.

i) Cadets may drive/ride in private vehicles if they have completed the Assumption of Risk Form.

ARTICLE 902 – PROHIBITED ACTIONS

1) Conduct standards for the Corps are set forth in writing in order to give Cadets general notice of prohibited conduct. These rules should be read broadly and are not designed to define prohibited conduct in exhaustive terms.

a) Violation of Federal or State Law. In addition to the Corps Operations Manual and Texas A&M University at Galveston Student Rules, Cadets may be disciplined for violation of federal or state law including but not limited to 46 CFR, laws of the State of Texas, and/or municipal ordinances.

b) Conduct Unbecoming a Cadet. A Cadet is responsible for “conduct unbecoming” when his/her actions or conduct could be interpreted to be detrimental to the best interests of the individual Cadet, other persons, the Cadet’s unit, the Corps, or Texas A&M University at Galveston.
c) Disrespect or Insubordination. Any Cadet who is disrespectful or insubordinate in demeanor, word or action toward any University official or Cadet in the Chain of Command, whether or not this occurs in their presence.

d) Failure to Follow Orders. Failure to follow the verbal or written orders/directions of the Commandant, Assistant Commandant, NROTC staff, and Corps Housing Coordinators, or any University official or Cadet in the Chain of Command.

e) Negligence of Leadership. Anyone in the Cadet Chain of Command is responsible for ensuring Cadets under their authority follow and obey the policies, procedures, and rules of the Corps. A Cadet in the Chain of Command must be wise with his/her use of authority. His/her actions and directives must be reasonable and prudent.

   i) Negligence of leadership is also applicable at the peer level including but not limited to a Cadet that contributes to negligent actions of his/her peers or fails to report negligent actions of his/her peers.

f) Permission to Touch. It is improper for a Cadet to touch another Cadet without his/her permission unless there is a legitimate safety reason (e.g., a Cadet about to fall; Cadet in danger of being hit by a vehicle, etc.). When an upper-class Cadet is addressing an under-class Cadet, a safe rule of thumb is for the upper-class Cadet to maintain at least one arm’s length away from the under-class Cadet.

   i) It is proper to touch, with permission, another Cadet when making minor corrections such as adjusting a hand salute.

   ii) It is never proper for a Cadet to touch or grab a fellow Cadet for the purpose of harassment or disciplinary action.

g) Abuse of Class Relationships. An upper-class Cadet will not require a lower-class Cadet to perform “personal service” tasks (e.g., moving the upper-class Cadet’s car to avoid a parking violation, picking up cleaning, etc.). Performing personal service or unauthorized details directed by an upper-class Cadet with or without remuneration is also a violation.

   i) An upper-class Cadet will not require a lower-class Cadet to “earn privileges” or perform unauthorized physical training to receive a “special position or duty.”

   ii) Do not borrow items (e.g., money, services, vehicles, uniform items, clothes, etc.) across class lines. This practice disrupts good order and discipline and may pose a question of coercion.

h) Improper Cadet Relationships. Improper relationships are those that could result in actual or perceived favoritism, unfairness, or partiality, that are detrimental to good order and discipline within the unit or the Chain of Command.

   i) Dating among Cadets is permissible; however, dating will be conducted with the same standards of discretion and good judgement expected of all Cadets. Should a personal relationship evolve within a Company or Chain of Command, Cadets will seek resolution with an Assistant Commandant.

      (1) An upper-class Cadet will not date a 4th Class Cadet (freshman).
(2) A Cadet will not date a Cadet in his/her Chain of Command.

(3) Cadets are prohibited from dating another Cadet, who is in the same unit.

i) Public Displays of Affection. Cadets in uniform will refrain from personal/romantic contact in public view. A male Cadet may offer his left arm to a woman when walking. A female Cadet may take the arm of a man while walking. Walking arm-in-arm does not preclude the requirement to render proper military courtesy (i.e., salute). Holding hands or walking or sitting with arm around waist or shoulder is not permitted.

i) The Aggie tradition of kissing after the football team scores is permitted and not considered a violation of this policy.

j) Use of Profanity. A Cadet will not use profanity when performing Corps functions, in the “Corps environment”, or while wearing a uniform.

k) Interference with Free Time. As a general guide for conduct, all Cadets are entitled to use free time to study, sleep or attend to personal matters, except when otherwise directed. A Cadet will not curtail or interfere with the use of available free time of another Cadet. Refer to 1004.g.

l) Physical training inside the common areas of the residence hall are not allowed.

m) All Cadets will respect the rights of others to privacy and maintain good neighborly relations with those who are housed in the Texas A&M Maritime Academy Hall.

i) No Cadet will disturb study conditions in the residence hall and all Cadets should be especially careful to comply with all Quiet Hours restrictions.

ii) Cadets will not do anything that might cause personal injury or destruction of private property or campus facilities.

iii) Cadets will be dressed appropriately at all times.

iv) Cadets will not remove, disable, or render inoperative any fire protection equipment or other alarm system in the Texas A&M Maritime Academy Hall or other campus facility.

n) Cadets will not engage in inappropriate sexual behavior.

o) Cadets will adhere to the University’s policy on pet animals. Refer to www.tamug.edu/studentrules/Student_Life_Rules/36_Pet_Animals.html.

ARTICLE 903 – REPORTING CADET CONDUCT

1) Regardless of rank or position, every Cadet has a duty and responsibility to report any and all major infractions (i.e., alcohol, drugs, assault, acts of violence, hazing, activities/events that endanger persons or threaten property, etc.) using the “Report a Violation of the Student Rules” form located at
ARTICLE 904 – CADET DISCIPLINE POLICY

1) Texas A&M University at Galveston Student Rules (https://www.tamug.edu/studentrules/) is the governing authority on the administration of the Cadet conduct/discipline process.

2) The Superintendent (or designated representative) has the final review/administrative authority in all Cadet conduct and administrative cases.

3) During a training cruise:
   a) The Superintendent (or designated representative) may refer infractions of Texas A&M University at Galveston Student Rules for disposition within the Cadet conduct/discipline process.
   b) The Superintendent (or designated representative) has the authority to place a Cadet, who is on a training cruise, on interim suspension and removed from off the vessel, if it is believed that the presence of the Cadet poses a continuing danger or safety issue to persons or property, or presents a threat of disrupting the academic/operations on the vessel.
      i) A Cadet conduct conference will be scheduled as soon as practicable thereafter.
   c) Any Cadet on a training cruise is considered registered for class; therefore, all university rules apply. Infractions of the Texas A&M University at Galveston Student Rules will be disposed of accordingly as deemed necessary by the Superintendent (or designated representative).
      i) If you are repatriated during a training cruise, you will receive a failing grade for not completing the class and also the loss of the cruise fee. You will have to retake the course and pay for the class again. Being repatriated from a training cruise may also result in Corps suspension and/or University suspension.

ARTICLE 905 – DISCIPLINE PROCESS

1) Initial Action. Upon receipt of a report of an alleged violation, which can come from a variety of sources including the Internet, the Commandant will review the information to determine if the case is to be adjudicated within the Corps of Cadets or if it should be co-adjudicated with the University.

2) Rights.
   a) Cadets should reference the following, which can all be found at www.tamug.edu/studentrules/studentliferules.html:
      i) Students’ Rights and Responsibilities
      ii) 24 – Student Conduct Code
      iii) 25 – Student Conduct Code Procedures (System)
      iv) 26 – Student Conduct Proceedings
v) 27 – Sanctions

b) Appeal information (58 – University Disciplinary Appeals Panel) can be found at www.tamug.edu/studentrules/Student_Grievance_Procedures/58_University_Disciplinary_Appeals_Panel.html.

3) Charges. The issuance of a charge letter is the first step in the administrative hearing process. This letter states the alleged rules violation and/or incident of concern and requires the Cadet(s) to schedule a hearing with the appropriate office. The charge letter does not indicate a presumption of responsibility of a rule violation, but rather a complaint has been made against the Cadet and there is a need to hear both sides of the situation. Once a charge letter has been sent, the student may have access to view a part of the conduct file and information that brought charges against them.

a) The charge letter will also include information as to the date, time, and location of the hearing.

4) Hearing: Cases that may result in a sanction involving expulsion, and suspension from the University will follow University Student Rule procedures. This procedure will also be followed in cases co-adjudicated with the University with the exception that the University administrative hearing may be heard concurrently with a Corps of Cadets/Texas A&M Maritime Academy administrative hearing.

a) Category I violations that will not involve removal from the University will normally be heard by the Commandant (or designee).

b) Category II violations will normally be heard by Cadet Mast (or Corps Review Board if the violation has been repeated several times).

5) Sanctions. Sanctions involving expulsion, dismissal, suspension, and deferred suspension from the University will be assessed by the Commandant and the Assistant Vice President for Student Affairs (or designee) through a joint hearing process. Sanctions of Category I Violations not involving removal from the University will normally be assessed by the Commandant (or designee).

a) Sanctions for Category I offenses may include:

i) Corps Expulsion. Separation action without option for readmission.

ii) Corps Suspension. Separation for a defined period; readmission is not guaranteed but will be considered upon request.

(1) The sanction of Corps Suspension may be placed in deferred status. In this case, a violation of Corps Operations Manual during this period will cause the suspension to take effect immediately without further review. Additional action may also be taken regarding the most recent offense. Deferred suspension also carries the restriction a student is “Not in Good Standing” with the Corps of Cadets.

iii) Corps Conduct Probation. An official warning a Cadet’s conduct has been in violation of the Corps Operations Manual, but is not serious enough to warrant expulsion, dismissal, or suspension.

(1) Conduct Probation means a Cadet is “Not in Good Standing” with the Corps. Violation of any part of the probation may result in one of the sanctions above from the Corps of Cadets.
(a) This sanction includes the same restrictions as Deferred Suspension and therefore:

(i) May not hold a leadership position (defined in Article 303 and Article 304 as Key Senior Cadet Leadership, Key Cadet Leaders, and Cadet Leadership respectively). In addition, the Cadet may not hold a leadership position in a Corps special unit (i.e., Drill Team, Color Guard, Hearn Honor Guard). Finally, the Cadet will not be permitted to participate in any Corps activity/function/event in which the Corps’ presence is a representation of the University including Corps March-Ins, special unit competitions, etc.).

(ii) While under Corps Conduct Probation, a Cadet is considered “not in good standing” with the Corps and may not successfully obtain (due to no-priority placement on official Cruise Selection Lists) training-at-sea (i.e., TS General Rudder training-at-sea, Commercial training-at-sea, and/or Summer training-at-sea with any of the other State Maritime Academies).

(iii) May not hold office or positions in the Corps, Residence Life, or recognized student organizations or represent the University in any manner (that which includes but is not limited to NCAA sports).

(iv) May not participate in intramurals.

iv) Conduct Review. An official warning the Cadet’s conduct is in violation of the Corps Operations Manual, but is not sufficiently serious to warrant conduct probation. A cadet on conduct review shall remain “In Good Standing” with the Corps. This sanction may require regular meetings with an appropriate official within the Corps of Cadets, Texas A&M Maritime Academy, and/or the University.

v) Relief from Command or Position.

vi) Reduction of Cadet Rank.

vii) Restitution (i.e., payment of damages).

viii) Restricted Weekends/Marching Tours/Extra Duty.

ix) Letter of Reprimand.

x) Demerits.

xi) Ineligibility for training-at-sea or other similar and appropriate sanctions as approved by the Superintendent (or designee).

6) Corps Appeals of Sanctions for Category I Violations. Cadets receiving sanctions for Category I violations as a result of a Corps hearing have the opportunity to appeal as outlined in their Sanction Letter. The appeal process will be done through the Chain of Command using the following guidelines:

a) Instructions for appeal including the appeal form will be included in the Corps Sanction Letter.
i) The appeal must be filed within five (5) University business days of the decision regarding disciplinary action taken. The Cadet must include a written application supporting the basis of appeal. An appeal form submitted without any explanation will not be processed.

ii) The completed appeal form and accompanying explanation will be forwarded to the Commandant for review. The Commandant may act on the appeal immediately or refer the appeal to an appeals panel. The appeals panel will subsequently provide the Commandant a recommendation to present to the Superintendent (or designee).

iii) The Superintendent (or designee) is the final authority on the appeal.

b) In a case involving sexual misconduct, the appeal of any sanctions will be conducted at the University Appeal level as outlined in the sanction letter.

7) Instructions to Cadet Receiving Suspension from the Corps of Cadets. Any cadet who receives a sanction of suspension or higher, must follow the written instructions presented to them in their sanction letter. The instructions for administrative separation are the same as suspension from the Corps of Cadets. They include:

a) A definite time in which they must leave the Corps.

b) The Office of the Commandant will provide the Cadet with the necessary documentation for separation. This Cadet will need to acquire signatures from the different offices on the form. An incomplete form will indicate the Cadet did not properly separate from the Corps.

c) Re-admission into the Corps is dependent upon completion of the sanction and approval by the Superintendent.

i) Before receiving approval from the Superintendent, the prospective returning Cadet may be asked to come before select members of the Academy to discuss relevant expectations.

ii) Re-admission into the Corps and the Academy is not guaranteed.

ARTICLE 906 – DEMERIT SYSTEM

1) Per 46 CFR 310.10 (Discipline and Dismissal):

   (a) Each school shall establish and publish rules and regulations governing Cadet and Midshipman discipline and providing for a demerit system for infractions of these rules and regulations. Serious or excessive violations of the rules and regulations by a Cadet or Midshipman may be considered as evidence of inaptitude for the demanding career of a merchant marine officer and warrant dismissal by the school.

   (b) Each Cadet or Midshipman shall, upon admission to the school, be furnished a copy of the School’s rules and regulations.

   (c) Any Cadet or Midshipman placed on probation for failure to meet the conduct requirements of the school may, at the discretion of the Superintendent, be listed as not in good standing for any period not to exceed six (6) months for the purpose of §310.7(a)(3).

2) Demerits serve both as a Cadet disciplinary tool and a performance indicator.
The Corps Commander, in consultation with the Commandant, will determine who is authorized to issue demerits in the Cadet Chain.

The Assistant Commandants, NROTC Officer-in-Charge, NROTC Assistant Officer-in-Charge, and Corps Housing Coordinators are authorized to issue demerits.

Faculty and staff members of Texas A&M University at Galveston are not authorized to issue demerits directly, but may recommend issuance of demerits (or merits) to a Cadet by contacting the Commandant.

Cadets have the right to appeal demerits assigned. The appeal must be submitted in writing to the Commandant within five (5) Corps days from when the sanction was issued.

NROTC/SSOP Cadets who violate policies, procedures, and rules specific to NROTC/SSOP shall be issued demerits in accordance to what has been established by the NROTC/SSOP.

The established demerit system for the Corps of Cadets at the Texas A&M Maritime Academy is as follows:

1. The semester, academic year, and tenure demerit limits are 75, 125, and 350 demerits respectively. Cadets will receive a Warning Notice when they exceed 50 Demerits. Upon reaching or exceeding any of the demerit limits, the Cadet shall come before a Cadet Captain’s Mast to show cause why said cadet should not be separated for a period of not less than one calendar year.
   (i) The sanction of Corps Conduct Probation may be applied.
      (1) While under Corps Conduct Probation, a Cadet is considered “not in good standing” with the Corps and may not successfully obtain (due to no-priority placement on official Cruise Selection Lists):
         (a) A TS General Rudder Cruise, Commercial Cruise or, Summer Cruise with any of the other six (6) State Maritime Academies.
         (b) Participate in student organizations or intramurals.
         (c) Hold office or positions in the Corps, Residence Life, or recognized student organizations or represent the University in any manner (that which includes but is not limited to NCAA sports).
         (d) Corps Conduct Probation will normally last for the current semester and will be maintained until the completion of the following semester, to include any TS General Rudder cruise, Commercial Cruise, Co-Op, or other Summer Cruise evolution.
   ii) The Commandant must approve all administrations of Corps Conduct Probation in order to be considered “effective.”
      (1) A Cadet may appeal Corps Conduct Probation. The appeal must be submitted in writing to the Commandant within five (5) Corps days from when the sanction was issued.

ARTICLE 908 – REMOVAL OF DEMERITS

1) General Information

a) A weekly demerits list will be placed on all bulletin boards no later than 1700 on Wednesday of each week.

i) Cadets are expected to reconcile their demerits that week, unless they have a validated excuse, by their Commander. Then they must do it the following week.

ii) One month before the end of each semester, all Commanders will have a list containing the running total for each Cadet in their unit who has been issued demerits.

(1) This list should be returned to the Master at Arms no later than 1700 on the fifth University business day of the issuing month.

b) A Cadet must reconcile all demerits no later than one month prior to the end of the semester in which the demerits were earned.

i) A graduating Cadet who has not reconciled all demerits fifteen (15) University business days before commencement will be charged with violating 24.4.6 (Failure to Comply) of the Student Conduct Code and may also be charged with violating 24.4.23 (Abuse of Student Conduct Process) of the Student Conduct Code.

ii) For those Cadets not graduating, demerits not reconciled by the end of the current semester in which they were earned will roll over to the following semester. In addition, the Cadet will be charged with violating 24.4.6 (Failure to Comply) of the Student Conduct Code and may also be charged with violating 24.4.23 (Abuse of Student Conduct Process) of the Student Conduct Code.

2) Reconciliation of Demerits

a) Each Cadet is responsible in determining how many merits/demerits he/she has earned/received throughout his/her time in the Corps of Cadets.
b) Each merit earned can be used to reconcile each demerit received in equal proportions. For example, five (5) merits can be used to reconcile five (5) demerits. In most cases, this reconciliation is automatic.

i) Information on receiving merits for Meritorious Conduct is discussed in Chapter 10 – Meritorious Conduct.

c) Cadets who do not have any merits can reconcile demerits based on service hours. One service hour (60 minutes) equals five (5) demerits. Service hours are reported in one-hour increments only.

d) Commandant Approved Community Service. Pre-determined and/or pre-scheduled community service hours approved by the Commandant in partnership with the University as well as 501(c)3 agencies and/or 501(c)3 organizations outside the campus community.

i) The Commandant is the only person that can authorized Commandant Approved Community Service.

e) Corps Service Hours. These are community service hours committed directly to the Corps of Cadets as approved by the Commandant. These hours may include classroom furniture arrangement, cleaning of dry-erase boards, dusting common areas of Corps Headquarters and its immediate surrounding areas, picking up trash in the TAMMA Parking Lot as well as its access roads including supervised trash pick-up of Rattle Snake Road.

f) Marching Tours. Although marching tours is a way of removing demerits it is the least productive as the individual is simply marching the designated area. Nonetheless, marching tours are treated just the same as service hours. One hour of marching is equal to five (5) demerits.

i) During marching tours, a Cadet is given adequate breaks. The break-time is not included in the one-hour marching tour. No Cadet on marching tours will march more than a total of three (3) hours in one day.

g) Removal of demerits due to incorrect entry.

i) Issued demerits may be appealed and removed due to an entry error or extenuating circumstances at the discretion of the Company Commander and Master at Arms. If demerits were issued in error, the process shall be:

(1) Contact Company Commander via email. Include the Maxient Incident Report ID number in the email and provide reasoning or explain extenuating circumstance.

(a) A removal of demerits in this manner is not for the purpose of removing demerits with which you disagree. An appeal of demerits cannot be made until appearing before a board. This process may only be utilized as a result of administrative or entry error.

(2) If the Company Commander approves, he/she will forward his/her recommendation via email to the Master at Arms for removal.

(3) If the Company Commander does not support removal, an appeal may be made in writing to the Master at Arms.

Also exempted are persons who have been subject to a random drug testing program meeting the requirements of 46 CFR part 16.230 during the period of the previous twelve months. These persons must present proof that they have not failed or refused to participate in such testing.

Also, in the event of a positive screen of an applicant or refusal to take a test, there will be no consideration of employment.

(3) The employee applicant who was denied employment because of a positive drug screen may reapply for employment after six months. At that time, the applicant must submit a current drug free certificate from a recognized Medical Review Officer (MRO). Employment will be considered based on the individual meeting the job requirements for the position. In addition, the individual shall agree to be subject to increased, unannounced testing for a period as determined by the MRO of up to 60 months.
iv) Random Testing

All students and employees working for the University who, by law and assigned responsibilities, are required to hold a Merchant Marine document shall be subject to random drug testing in accordance with regulations promulgated by the Coast Guard.

(1) Each employee and cadet shall have an equal chance of selection for testing through their period of employment or enrollment as a student. The selection shall be made by drawing up to twenty-five percent of the employee and cadet names at a time. All personnel whose names have been drawn shall be placed back into the pool so that their names could be drawn again.

(2) Crew members and cadets will be tested on an annual rate of not less than fifty percent.

(3) The test results of any crew member or cadet testing positive will be reported in writing to the nearest Coast Guard OCMI.

   (a) he or she has passed a chemical test for dangerous drugs within the previous six months with no subsequent positive chemical test during the remainder of the 6 month period; or

   (b) during the previous 185 days been subject to a random testing program required by 46 CFR 16.230 for at least 60 days and did not fail or refuse to participate in a chemical test for dangerous drugs.

vi) Serious Marine Incident Testing

The University will test an individual whose action or failure to act is determined to be a causative factor in the events leading to a serious marine incident in accordance with 46 CFR 4.06.

(1) A serious marine incident is defined as:
Any marine casualty or accident that occurs upon the navigable waters of the United States, its territories or possessions or any casualty or accident wherever such casualty or accident occurs involving any United States' vessel, including accidental grounding, or any occurrence involving a vessel which results in damage by or to the vessel, its apparel, gear, or cargo, or injury or loss of life of any person; and includes among other things, collisions, stranding, groundings, foundering, heavy weather damage, fires, explosions, failure of gear and equipment and any other damage which might affect or impair the seaworthiness of the vessel which must be reported to the Coast Guard under 46 CFR 4.05-1 and which results in any one of the following:

(a) One or more deaths;

(b) An injury to a crew member, passenger, or other person which requires professional medical treatment beyond first aid, or which renders the individual unfit to perform routine vessel duties;

(c) Damage to property in excess of $100,000.00;

(d) Actual or constructive total loss of any vessel subject to inspection;

(e) Actual or constructive total loss of any self-propelled vessel not subject to inspection under 46 U.S.C. 3301 of 100 gross tons or more;

(3) If an individual refuses to provide blood, breath or urine specimens, this refusal shall be noted on Form CG-2692B and in the vessel's official log book.

(4) No University crew member or cadet may be forcibly compelled to provide specimens for chemical tests required by 46 CFR 4; however, refusal is considered a violation of regulation and could subject the individual to suspension and revocation proceedings under 46 CFR 5 and removal from any duties which directly affect the safety of the vessel's navigation or operations.

(5) Whenever a crew member or cadet has been identified as being directly involved in a serious marine incident, CG-2692B form shall be completed and submitted to the nearest OCMI. The test results shall be submitted to the same OCMI for each person who was on the original form CG-2692B.

(6) In incidents involving discharges of oil or hazardous substances, a report will be filed with the Coast Guard OCMI having jurisdiction over the location where the discharges
occurred or nearest the port of first arrival following the discharge. Any TAMUG crew member or cadet who has been identified as being directly involved shall be tested as per requirements of 46 CFR 4.06 and results reported to the same OCMI.

vii) Reasonable Cause Testing

The University shall require any crew member or cadet who is reasonably suspected of using a dangerous drug to be chemically tested for dangerous drugs.

(1) The University's decision to test shall be based on a reasonable and articulable belief that the individual has used a dangerous drug based on direct observation of specific, contemporaneous physical, behavioral, or performance indicators of probable use. Where practicable, this belief should be based on the observation of the individual by two persons in supervising positions.

(2) When the University requires testing of an individual under the provisions of this section, the individual shall be informed of that fact and directed to provide a urine specimen as soon as practicable. This fact shall be entered in the vessel's official log book.

(3) If a crew member or cadet refuses to provide a urine specimen when directed to do so by the University under the provisions of this section, this fact shall be entered into the vessel's official log book.

(4) The test results of any crew member or cadet testing positive will be reported in writing to the nearest Coast Guard OMCI.

viii) Test Collection and Handling Procedures

Urine specimens shall be collected by trained personnel using collection and shipping kits meeting the requirements of 40 CFR 49 and CFR 40 and 46 CFR 16.330 (b). The University shall ensure that the collection site is adequate to provide for collection security, temporary storage, and expeditious shipping of specimens to a DHHS-certified laboratory.

(1) Security procedures shall provide a secure collection site.

(2) No unauthorized personnel shall be permitted in any part of the collection site when specimens are collected nor shall unauthorized personnel be allowed access to stored specimens. Safeguards to ensure integrity of specimens shall be maintained at all times.

(3) TAMUG shall establish and maintain a chain of custody for each specimen to be chemically tested. If a specimen is not immediately prepared for shipment, it shall be safeguarded during temporary storage. TAMUG shall make every effort to minimize the number of persons handling specimens.

(4) The Training ship shall have in possession at all times specimen collection and shipping kits (that meet 49 CFR 40) to be used to collect specimens and ship them to a certified drug testing laboratory.

(5) TAMUG shall ensure that the specimen and chain of custody documents are promptly shipped by an expeditious means to a certified testing laboratory.
ix) Medical Review Officer (MRO)

TAMUG shall designate a MRO meeting the qualifications of 49 CFR 40.27 and 49 CFR 40.33(b).

(1) All laboratory reports will be sent to the designated MRO. Whenever a report contains a confirmed positive result, the MRO shall review and interpret the report and submit the findings to TAMUG.

(2) In accordance with 46 CFR 16.201 (e) and 46 CFR 16.370 (d), before a crew member who has had a positive report may return to work, the MRO shall determine that the crew member is drug free and the risk of subsequent use is sufficiently low to justify return to work.

(3) Before a cadet who has had a positive report may report onboard in a working/training capacity, the MRO shall determine that the cadet is drug free and the risk of subsequent use is sufficiently low to justify return onboard in a working/training capacity.

(4) Any crew member or cadet who has failed a chemical test shall agree to be subject to increased, unannounced testing for a period as determined by the MRO up to sixty months or until no longer employed or discharged from the cadet training program.

x) Record keeping

The Superintendent's Office will maintain all results of drug screens on students. Employees' results will be filed in the Human Resources Office. All drug screens are considered confidential. Only persons who have a legitimate need to know the test results shall be informed.

(1) Negative Tests shall be maintained by TAMUG for a period of one year.

(2) Positive Tests shall be maintained by TAMUG for five years and shall be made available to the Coast Guard upon request.

(3) TAMUG records shall contain the total number of crew members and cadets tested annually in each category of the testing program, including the annual number of individuals testing positive and the number and types of drugs for which individuals tested positive.

xi) Release of Information

Except as provided for in 46 CFR 16 and 46 CFR 4.06-60, TAMUG shall not release individual test results or other personal information from anti-drug program records.

(4) Individual results from a drug test required by 45 CFR 16 may be released if the individual tested signs a specific authorization for the release of the results to an identified person.

(5) Nothing in this section shall prevent an individual tested under this policy from obtaining the results of that test.
xii) Employee/Cadet Assistance Program

TAMUG shall provide an Employee/Cadet Assistance program (ECAP). TAMUG's ECAP shall include education and training on drug use for crew members, cadets and ship supervisory personnel. The program will include the following elements:

   (c) Display and distribution of the University's policy regarding drug and alcohol use in the workplace.

ARTICLE 1404 – DISCIPLINE AND DISMISSAL FOR POSITIVE DRUG TEST

1) The usual sanction for any Cadet testing positive in a drug test is suspension from the Corps of Cadets and the Texas A&M Maritime Academy for at least one year.

   a) Pursuant to 46 CFR, 16.230, refusal to participate in a drug test, constitutes a “positive” drug test; therefore, the usual sanction of suspension from the Corps of Cadets and the Texas A&M Maritime Academy for at least one year applies.
CHAPTER 15 – FORMATIONS AND DRILL

ARTICLE 1501 – FORMATIONS
1) It is mandatory for all Cadets to attend formation.
   
a) Attendance will be taken and general inspection will be conducted.
   
i) Cadets will receive demerits if they do not attend formation, are not groomed (i.e., unshaven, need of haircut, etc.), or they are not in the correct uniform.

   b) Mandatory formations and Corps Trips.
      
i) Corps Trips are directed by the Superintendent.
         
(1) Failure to attend will require a military letter, or it is expected you will attend.
         
(2) Buses will be provided for those who need a ride.
         
(3) Make sure you have submitted your required Risk Management form for the travel.
         
(4) Failure to attend will result in more than just demerits.
         
(5) Failure to obey a direct order from the Superintendent will result in appropriate discipline that may include conduct review and conduct probation.

ARTICLE 1502 – PURPOSE OF FORMATIONS
1) Formation of units is a critical part of close order drill. The purpose of formations are:

   a) To build unit cohesion and esprit de corps by recognizing Cadets during awards and promotion ceremonies.

   b) To maintain continuous accountability and control of personnel.

   c) To provide frequent opportunities to observe the appearance and readiness of the uniforms of each Cadet.

   d) To keep each Cadet informed by providing the means to pass the word.

   e) To develop command presence in unit leaders.

   f) To instill and maintain high standards of military bearing and appearance in units and in each Cadet.

   g) To add color and dignity to the daily routine by reinforcing the traditions of excellence associated with close order drill.

ARTICLE 1503 – DRILL
1) Close order drill is one of the cornerstones of naval customs, courtesies and traditions. These traditions are perpetuated from one generation to the next through constant use and practice. Through these traditions, “esprit de corps” of every member is brought by their ever-present feeling of pride,
not only in their unit, but also in themselves. A high standard of discipline and ‘esprit de corps’ should not only be maintained and preserved, but also further strengthened.

2) The United States Coast Guard has used the Marine Corps Drill and Ceremonies Manual as an official reference and guide for planning and conducting drills and ceremonies for the purpose of uniformity between the naval services. In keeping with this practice, the Corps of Cadets of the Texas A&M Maritime Academy has adopted and integrated the Marine Corps Drill and Ceremonies Manual.

   a) All Cadets will be familiar with essential drills provided by instruction from key Cadets leaders in accordance to the Marine Corps Drill and Ceremonies Manual.

      i) Drills, march-ins, and ceremonial activities will be scored and graded as performance measures.

**ARTICLE 1504 – OBJECT AND PURPOSE OF DRILL**

1) The object of close order drill is to teach Cadets by exercise to obey orders and to do so immediately in the correct way. Close order drill is one foundation of discipline and esprit de corps. It is still one of the finest methods for developing confidence and Cadet leading abilities in subordinates/rising leaders.

2) The purpose of drill is to:

   a) Move units from one place to another in a standard, orderly manner.

   b) Provide simple formations from which other formations may be readily assumed.

   c) Teach discipline by instilling habits of precision and automatic response to orders.

   d) Increase the confidence of leaders through the exercise of command, by giving proper commands, and by control of drilling troops.

   e) Give subordinates the opportunity to handle command at the smallest formation level.
CHAPTER 16 – CADET HEALTH AND FITNESS

ARTICLE 1601 – PHYSICAL FITNESS

1) Maintaining a reasonable amount of physical fitness is important in the Corps of Cadets regardless of the Cadet’s program affiliation (i.e., Drill & Ceremonies, NROTC, License Option). From climbing up and down the many ladders on the Training Ship General Rudder to keeping up with the fast pace of college life, a well-conditioned body and mind will help you succeed in school as well as your future careers. Additionally, the U.S. Coast Guard and the U.S. Navy require you to pass certain physical standards if you want to join their service. For these reasons, physical fitness is emphasized and strongly encouraged for all Cadets.

2) Beginning Fall 2016, physical fitness training is required for every entering Cadet class. Cadets who entered in Fall 2016 and forward will participate in weekly PT every semester.
   a) Physical fitness training is restricted to one day per week. The date and time will be agreed upon by the Commandant, Corps Commander, and NROTC.
   b) Physical fitness training will not be conducted prior to 0600.
   c) Upper-class Cadets responsible for Fish physical fitness training will also actively participate in such training.
   d) A full-time staff member of the Office of the Commandant must be present for all physical fitness training.
   e) Unless authorized by the Commandant, all physical fitness training will take in the immediate vicinity of Texas A&M Maritime Academy Hall.
      i) Training exercises in restricted areas (e.g., the building’s weather deck, stairwells, hallways, wetlands) is strictly prohibited.

3) The Corps of Cadets will utilize US Coast Guard Weight and Body Fat Standards Program Manual (https://media.defense.gov/2019/Apr/05/2002110152/-1/-1/0/CIM_1020_8H.PDF) as a reference for Cadet fitness.
   a) NROTC/SSO Cadets will utilize standards established by their respective program.

ARTICLE 1602 – DIET AND NUTRITION

1) Along with physical fitness training, Cadets are strongly encouraged to maintain a healthy diet and control of physical weight. A reasonable and nutritional diet will go a long way toward helping Cadets learn to live a healthy lifestyle.
   a) Cadets seeking information regarding diet and nutrition are strongly encouraged to visit the Texas A&M University at Galveston link on Chartwells’ page (www.dineoncampus.com).
CHAPTER 17 – SAFETY

ARTICLE 1701 – TEXAS A&M MARITIME ACADEMY SAFETY MANAGEMENT MANUAL
1) The Texas A&M Maritime Academy places the highest priority on personal safety and environmental protection. The Texas A&M Maritime Academy Safety Management Manual provides instructions and procedures to ensure a safe workplace and protection of the environment in compliance with all applicable rules and regulations.          (2) All worker’s compensation accidents must have an accident form completed and faxed to Maritime Administration within 24 hours of the incident, by the Chief Mate or the First Assistant Engineer. If this is not done, it may delay or even prevent an individual from receiving any compensation.

   c) A Cadet being admitted for hospitalization shall, if possible, request that Texas A&M University at Galveston be notified.

c) The Medical Department will keep the Master of the Vessel informed as to the condition of Cadets and crewmembers requiring medical attention. Medical staff will determine an individual’s fitness for duty status.

d) During cruise it is strongly recommended that Cadets see the shipboard medical staff for all medical and dental problems.

i) If the Cadet goes ashore for treatment, s/he is responsible for all costs incurred.

ii) If the nature of the injury, illness or treatment requires the Cadet to terminate the cruise, the Cadet is responsible for all travel costs incurred. Repatriation will be coordinated by the University. If the Cadet is unable to pay the travel costs at the time of repatriation, s/he will be billed.
