

## SeaSpace Endowed Scholarship in the Marine Sciences

### Established in 2009 by SEASPACE Board of Directors and Benefactors

Founded in 1969 by members of the Houston Underwater Club, SEASPACE has a long and storied history of service to the dive community. While other consumer dive shops operated as commercial endeavors, SEASPACE was a 501(c)3 non-profit corporation. In addition to staging an exciting, annual scuba diving exposition, SEASPACE's mission had always been to focus on awarding marine-related scholarships and supporting marine environmental education, with a concerted outreach to youth and future generations.

SEASPACE annually contributed a portion of its profits to a scholarship fund. When operating an annual exposition no longer was deemed viable, SEASPACE looked for other avenues to continue its mission of outreach and scholarship activities. We were pleased to find the perfect partner in the Texas A&M Foundation and SEASPACE contributed the funds that had been accumulated over the years to the A&M Galveston SEASPACE Endowed Scholarship fund in the Marine Sciences.

The product of years of effort, it is rewarding to see our endowment continue to serve the SEASPACE mission.

Max T. Langley
