

FIVE YEARS, TWO DEGREES

B.S. IN MARITIME BUSINESS ADMINISTRATION

This degree provides a solid background in the key areas of accounting, finance, marketing, law, economics and mathematics that are critical for today's business professionals. These courses lay the foundation for more advanced courses in international trade, inland waterways management, brokerage and chartering, transportation economics, port and terminal management and other areas related to the maritime industry.

MASTER OF MARITIME BUSINESS ADMINISTRATION & LOGISTICS

This is a professional graduate management degree helps students develop an integrated understanding of the centrality of ports and interconnected transportation systems to the international and domestic commerce of the United States and to the general global trading system. Coursework in international trade, economics, finance, marketing, management, logistics, port management and environmental science will prepare graduates for senior management positions in a wide variety of industries associated with logistics and, most specifically, waterborne commerce.

CAMPUS OF TEXAS A&M

STUDENT APPLICATION INFORMATION

STEP 1: Meet Your Academic Advisor

In order to fully comprehend the requirements and responsibilities needed to enroll and complete the Maritime Business Administration 3+2 program, students must first meet with the MARA academic advisor:

Mrs. Lana Polzin

Dept. of Maritime Business Administration
Classroom Lab Building (CLB), Rm. 221
lanapolzin@tamug.edu

There students will:

- Review the degree evaluation in HOWDY to determine when to apply to the 3+2 program;
- Review application deadlines;
- Discuss approximate program costs;
- Review the program overview, including course exemptions: (12 hours: MKTG 321, SCMT 364, FINC341, MARA 466); and
- Check on possible double-count courses in the graduate program: (MARA 623, MARA 641).

If you still have questions regarding courses or the 3+2 program after meeting with your academic advisor, please contact:

Dr. Cassia Galvao

Maritime Business Administration Director of Graduate Students
galvaoc@tamug.edu

STEP 2: Review the 3+2 Application Process & Requirements

Students applying for the Maritime Business Administration 3+2 program must submit their application package online. Before submitting, please review application requirements at tx.ag/MARAandMMAL.

The application includes:

- Application form, including a 350-word essay;
- Most recent CV;
- Two letters of recommendation, dated and signed; and
- Unofficial transcripts.

If you have questions regarding the application form or process, please contact:

Dr. Nikolaos (Niko) Mykoniatis

Maritime Business Administration Director of Undergraduate Studies,
Maritime Business Administration Graduate Admissions Committee Chair
mykonian@tamug.edu

STEP 3: Submit Your Application Online

The Maritime Business Administration 3+2 program application is done entirely online. Please submit your application at tx.ag/MARA32App or scan the QR code.

WATCH YOUR OFFICIAL EMAIL!

If accepted into the program, students will receive a formal email containing acceptance information and next steps for course registration.

This information will only be sent to your official Texas A&M-Galveston @tamug.edu email account!
