May 31st – August 5th, 2022

What is OCEANUS?

OCEANUS is an interdisciplinary research program that advances scientific understandings of coastal system sustainability. Funded by the National Science Foundation (Award# 1950910), OCEANUS invites talented undergraduate students from diverse backgrounds to participate in a 10-week immersive research experience.

Student Benefits:

- Enhance scientific research and communication skills through high-impact learning and hands-on training
- Build social capital through the Aggie Network (http://www.aggienetwork.com)
- Gain tools to navigate the academic pipeline
- $6,000 summer stipend, room and board, and meal plan
