

Publication Fee Grant Request

Under Section 5.3C of the RAC Bylaws, Faculty may petition the RAC to support fees of manuscripts by TAMUG faculty, postdoc’s, research scientists, and students. RAC will typically provide funding to pay for up to 1/3 or \$1000, whichever is the smaller cost. However, 1/3 of the total cost of the publication will be considered for top-tier journals (e.g., Nature Communications, Science Advances). Requests are accepted on a rolling basis, and subject to availability of funds. Assistant Professors are eligible to apply every year, while Associate and Full Professors are eligible every two years. Assistant Professors are eligible for up to \$1500 annually to support publication in high quality, rapid online journals (e.g., *Scientific Reports*).
