June 5-11, 2022

Cell Phone - Digital Art

For ages 13-18 **\$1015**

In recent years the quality of cameras inside cell phones have improved dramatically. Almost everyone carries a cell phone. This course is about creating digital art using just your cell phone without dealing with all the technical camera stuff like aperture, shutter speed, ISO, etc.

Campers will produce striking art photographs from common scenes and objects.

Campers will look closely at the relationship between art and photography with an emphasis on strong design elements and saturated color.

Learn how to “see photographs” and about the ideal time of day to take pictures referred to as the "golden hour".

Frame scenes using the “rule of thirds”.

Using your own ideas and imagination, photographically illustrate a one word theme.

Photograph a Pirate’s treasure chest on the beach.

Feature photo excursions to excellent locations around Galveston including: **East Beach, Summer Band Concert, Schreiber Park, Darragh Park, East End Historical District and Galveston Naval Museum.**

Photograph adoptable **kittens** and **puppies** at the Galveston Island Humane Society.

Photograph fresh vegetables, flowers, goats, turkeys and chickens at the **Seeding Galveston Community Garden.**

Have fun swimming in the pool at Texas A&M and in the Gulf of Mexico.

Design, print, write, address, stamp and mail a greeting card to your parents.

Manipulate your digital photos using the editing software on your phone. Lighten, darken, increase saturation, control contrast, convert to black and white or sepia tone, etc.

Produce your own photographic mini portfolio.

Submit your best digital image files, for possible publication in *Coast Monthly Magazine*, *Galveston Monthly Magazine* and *East End Historical District Newsletter*.

Finish the week with an **art exhibit and sale** of your best images at the auditorium at CLB 100 on Friday from 6-8pm.

Family and relatives are invited to attend. A very brief award ceremony will take place at around 7:55pm.

Photography Instructor: Robert Mihovil, Galveston Freelance Photographer

Cell (409)771-5668 E-mail Address art@mihovil.com
